The ev Series Reader CFast 2.0 Edition is designed to streamline and simplify 4K video workflow. The powerful connection is used for quick and easy data transfers and backups. It is the latest addition to the Evolution Series of powerful and flexible storage solutions. You can quickly transfer content from CFast 2.0 media to any ev Series compatible hard drive, e.g. B. on G-SPEED Shuttle XL with ev Series Bay Adapters (available with up to 60 TB).
