Streamline your workflow with the PRO-DOCK 4 docking station. If you have compatible SanDisk® Professional PRO-READER devices installed, you can simultaneously load multiple memory cards into the four dedicated bays and connect your computer to your monitors, drives and AV gear via a master dock. The integrated 260 watt power supply also charges your compatible devices and accessories with an output of 87 watts. Thunderbolt™ connectivity ensures lightning-fast data

Product information

transfers, and daisy-chaining lets you streamline your workflow and work more efficiently. Designed for flexibility, the PRO-DOCK 4 docking station attaches to DIT carts or other production equipment.
