Hasselblad XCD ƒ2.8 65mm (∅67) is the perfect standard lens! It is designed with a 35mm equivalent of 50mm as a normal focal length that simulates the human field of view. Its large aperture of 1:2.8 and its close focusing distance of 0.5m make it ideal for street, travel and general photography.

Product information

Its integrated central shutter enables exposure times of 60 minutes to 1/2000s with full flash synchronization.
