At just 320g, the XCD 4/45P is the lightest digital autofocus medium format lens currently on the market. Its compact, lightweight design combined with premium optics makes it the perfect lens for travel, exploration and documentary.

As the lightest lens in the X-System lens range, its size fits perfectly with the compact X1D II body. Like the other XCD

Product information

lenses, the XCD 45P features an integrated leaf shutter that allows for a wide range of shutter speeds and full flash synchronization down to 1/2000s.
