2 in stock

With the new 300W charger, you can charge your devices efficiently and quickly. The "Switch Touch Area" allows you to flexibly choose between three modes:
Mode A (140W + 100W + 45W + 15W) is ideal for laptops, tablets, smartphones, and smartwatches.
Mode B (100W + 100W + 75W + 20W) provides high power for two laptops, a tablet, and a Bluetooth speaker.

Product information

Mode C (140W + 75W + 65W + 20W) is perfect for gaming laptops, workstations, high-end power banks, drones, cameras, and gimbals.

Thanks to targeted power distribution, each device receives precisely the power it needs. The modes offer flexible charging options for many device combinations, ensuring you're always optimally charged. Whether you're a tech enthusiast or a business traveler, this charger gives you the freedom to reliably and quickly charge all your devices.

Warranty: 2 years
