## Product information

The Leica M EV1 is the first Leica M camera with an integrated electronic viewfinder and is an additional variant of the Leica M family. It does NOT replace the traditional Leica M cameras with rangefinder!

- NEW FN lever Operable in both directions with focus assist and digital zoom.
- Maestro III image processor.
- BSI CMOS sensor with triple resolution technology (60|36|18 MP) delivers outstanding image quality.
- The subject is displayed clearly and accurately via the 0.5-inch, 5.76 MP OLED viewfinder.
- The Leica FOTOS app is required to use the Wi-Fi function. • Integrated 64 GB memory.

### Note:

- Same viewfinder as on the Q3 and Q3 43
- Camera based on the Leica M11
- Additional use of the EVF2 clip-on viewfinder is not possible! Scope of delivery:- Leica M EV1- BP-SCL 7 battery- USB cable, type A-C- Carrying strap- Quick start guide
