Color Control for Photos - From Capture to Editing

• A standard 24-square ColorChecker target in a convenient credit card format

• 6 grayscale squares; RGB and CMYK colors and a mix of everyday colors for outstanding results

• The target works seamlessly with Calibrite PROFILER software, which includes the camera calibration module. This provides unparalleled color accuracy, automatic target detection for effortless, custom camera profiles for photographers, and a user-friendly profile manager.

• Not sure which color target is right for you? Click here for a helpful comparison chart

• Replaces the X-Rite ColorChecker Mini (MSCCMN-RET)
