Color Control for Photos - From Capture to Editing

- A standard 24-square ColorChecker target in a convenient credit card format
- 6 grayscale squares; RGB and CMYK colors and a mix of everyday colors for outstanding results
- The target works seamlessly with Calibrite PROFILER software, which includes the camera calibration module. This provides unparalleled color accuracy, automatic target detection for effortless, custom camera profiles for photographers, and a user-friendly profile manager.
- Not sure which color target is right for you? [Click here](#) for a helpful comparison chart
- Replaces the X-Rite ColorChecker Mini (M50185)
