Scope of delivery: Leica D-Lux 8, flash unit, lens cap with safety cord, hand strap, Leica BP-DC15 lithium-ion battery, quick guide

With the D-Lux 8, the Leica experience becomes more compact and accessible than ever before. The entire user experience of the camera is a testament to the excellence of the brand, which is known worldwide for its uniqueness in this field. The iconic design of the D-Lux 8 is synonymous with the legendary Leica brand. For even greater user comfort, the controls have been reduced and arranged more ergonomically and the user interface, which is derived from the popular Leica Q cameras, has been structured even more clearly and functionally.
