0,71EUR

incl. 19% VAT plus 6,80EUR UPS or an alternative delivery service-Shipping

Goods can be ordered - please inquire about the delivery time (not in stock)

Symply LTO barcode labels must be exactly 8 characters long and feature a 6-character user-definable code (A-Z, 0-9). This is followed by a standard 2-character LTO generation identifier (e.g., L5, L6, L8, L9). The barcode is critical for automation, allowing tape libraries to catalog and track media.
